

LAKE AND HILLS GARDEN CLUB

*Welcome, JJ Miller!*

# Introducing JJ Miller

- Moved to Keowee Key in 2007 as a snowbird. Had a summer home in Highlands and used to come down to Walhalla when it was a "going Gussie" little town before Lake Keowee was established. Fast forward thirty years and JJ made friends with a younger couple in Florida that had purchased in Keowee Key. She visited them and fell in love with the area.
- Had a very diversified professional career for 50 years, purposely exploring the marketplace out of curiosity. Worked in marketing, public relations, event planning, real-estate, airline industry, a lobbyist group, and school systems.
- Widowed twice but has a little rescue dog, Molly, who is her heart!
