ANGELA PYE

All About Angela

Angela's family moved from Houston, TX to the Greenville area in January 1985 due to a job transfer with her husband's company. Angela and her husband loved it so much here that they decided to retire in this area. Her family spent many summers boating on Lake Keowee; therefore, it seemed like the perfect area to retire to.

Angela is a nurse/clinical nurse specialist by profession. She taught in the School of Nursing at Clemson University for 15 years prior to retirement

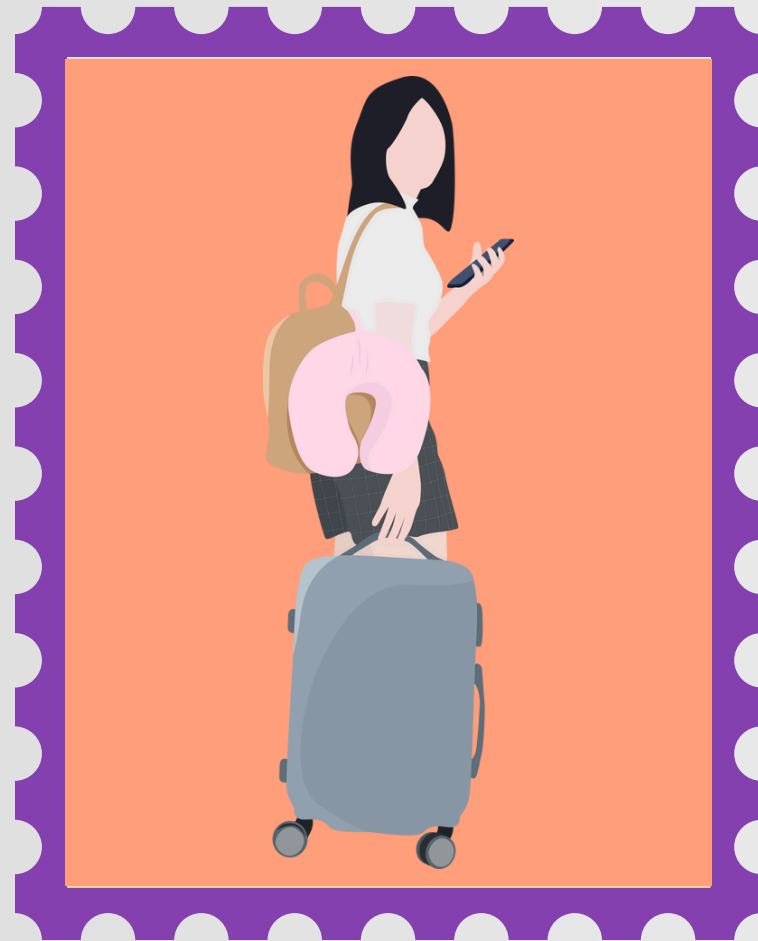

Angela has two daughters. One resides near Ft. Worth, TX and the other daughter resides in Simpsonville, SC. She has two grandchildren - a granddaughter who is 17 years old and a grandson who is 10 years old (both live in TX).

How Angela Discovered the LHGC

““I heard about the Garden Club during our community orientation to the KK amenities. I was working at the time, so joining the garden club went on the back burner. I have several neighbors and friends who are part of the garden club.”

How Angela Hopes to Volunteer

My interests include gardening, flowers, and beautification of our community.”

Thanks for
joining
the LHGC

WE'RE GLAD YOU DID!
